WEBINAR SERIES

The NanoBio4Can Webinar Series Continues with Third Webinar on June 4

As part of the NanoBio4Can Program, the “NanoBio4Can Monthly Webinar Series,” where postdoctoral researchers share insights into their scientific work, was held on June 4, 2026. Organized within the framework of the dissemination and communication activities of the MSCA COFUND Grant Agreement, the webinar provided an opportunity for researchers to present their work and engage with colleagues as well as researchers interested in the topic.

TRAINING

Theoretical and Hands-on Training

On Thursday, March 26, 2026, a theoretical and hands-on training session was organized at the SUNUM infrastructure for conventional PCR, quantitative PCR (qPCR), and Droplet Digital PCR (ddPCR) systems. The training, to which all current and potential users of the equipment were invited, was delivered by SUNUM Technical Staff Halit Yusuf Altay. Participants had the opportunity to perform hands-on practice at the instruments as part of the training.
